## SUMMARY

Enthusiastic and detail-oriented Computer Science student with a strong foundation in programming languages such as Core C, C++, Java, and JavaScript. Experienced in web development, with a proven track record of successfully completing projects that demonstrate technical expertise and problem-solving skills.

## TECHNICAL SKILLS

**Languages**: Java, Core C/C++ , JavaScript
**Front-end**: HTML, CSS, Bootstrap, Tailwind CSS, ReactJS
**Developer Tools**: Git, Github, VS Code, Dev C++

## EXPERIENCE

**HUNT THE CAREER** | Front-end Developer                                    Jan. 2025 – Present

* Developing user interfaces and integrating AI-driven functionalities for a job portal, focusing on resume creation and job matching, as a Frontend Developer intern.
* Proficient in React and Tailwind CSS, contributing to the development of user-friendly web interfaces for Job portal services.

## PROJECTS

**Password Generator** | *HTML, CSS, JavaScript* View                        June 2024 – Sep 2024

* Developed a functional password generator web application using HTML, CSS, and JavaScript, demonstrating proficiency in front-end web development.
* Implemented a password generator tool with HTML, CSS, and JavaScript, highlighting ability to build interactive web applications.

**NumQuest Game** | *HTML, CSS, JavaScript* View                             May 2023 – Sep 2023

* Implemented a number quest game using core web technologies, highlighting proficiency in JavaScript for game logic and interactivity.

**Amazon clone** | *HTML,CSS* View                                           Jan 2023 – Jan 2023

* I have created an Amazon clone website using HTML for structure and CSS for styling. It includes features like a header with a search bar, product grid, and a footer with organized links, styled with Amazon-like colors and responsive design. This static site serves as a foundation for adding interactivity and backend functionality in the future.

## EDUCATION

**Baderia Global Institute Of Engineering and Management**                   Jabalpur, MP
*Bachelor Of Technology, Computer Science ,CGPA-7.76*                         *Nov. 2021 – jul 2025*

**Hitkarini higher secondary school**                                        Jabalpur, 2021
*12th-89.8%*                                                                 *2021*

**Hitkarini higher secondary school**                                        Jabalpur,2019
*10th-90%*                                                                   *2019*
